

Date – 1st July 2021

We are pleased to announce the full 2020/21 AU club and Colours Honours list, which seeks to recognise some of the outstanding sporting achievements of students from the University of Exeter

The Recipients of the Athletic Union Club award have given outstanding service and commitment to their club(s). These students were members of committee, team captains, student coaches or volunteers who went above and beyond to serve their club. Administrative contribution, leadership roles, playing service, coaching, dedication, loyalty and positive role model are all terms that are associated with these individuals.

The Recipients of the Athletic Union Club Colours are awarded for exceptional achievement within a sport, including national student representation or other representative honours.

The Recipients of the Athletic Union University Colours have achieved full or under-21 international representation or British Students representation, while regularly representing the University at the highest level and performing with unusual distinction.

Our continued sporting success would not be possible without these student athletes who manage to juggle the difficult demands of being a student with their sporting accomplishments. League successes, trophy triumphs and individual performances have continued to grow our student sport programme exponentially. These students embody what it means to be committed, passionate, and dedicated to University of Exeter Sport – but perhaps what would be more accurate, is that they embody what it means to Bleed Green.

Alison Davidson

Director of Sport
